

The 5 resolutions you should capture in your artwork are:

- I will never take my friends for granted
- This year, distance won't get us down
- What better time for us to start over than now?
- I promise to listen more, just for you
- I will never take us for granted

You can also create your own resolution too, keeping within the below framework. Keep it positive, keep it real, keep it to a maximum of 10 words and in line with our style:

- I promise to _____, just for you.
- I will never _____ without you again.
- You're right, it's time for me to _____.
- I'm not the best at _____ but I'll try.
- Let's work on my _____ together.
- No more excuses: _____ is happening.
- I will never take _____ for granted.
- What better time for us to _____ than now?
- This year, _____ won't get us down.
- I will _____ like never before.
- Let's do more _____ together.
